2. Coaching

It is very encouraging to see the numbers of bowlers turning up for practice each week. I’m disappointed however that our position on the pennant table is no better than last season. What can we do?

A small group Adrianna, Marie and Lorraine will be getting together to come up with suggestions.

Our efforts in practice need to be reflected on the bowling green.

3. Umpiring

Equipment in the umpire box has now been completed.

On days of high temperatures it is the **umpire and site manager’s responsibility** to look at the box for the temperature and advise accordingly.

4. Tournaments

All club championships are progressing and should be completed in the time frame.

GENERAL BUSINESS

Jenny Sharpe Day was very successful, a big thank you to the ladies who made the biscuits and Adrianna for the pavlova desserts. Thank you to Nola the donated raffle prizes were presented beautifully. Everyone present on the day was impressed with our raffle table and the men did a great job with selling tickets and serving the meal, thank you. Under discussion is a change of name to Patroness Day.

All lady bowlers are encouraged to enter the Lorna Rowley Shield and the Bates Shield, attend by Phyl who had an enjoyable but long day.

A bar person is required for Thursday pennants.

On days of extreme weather conditions ie. Thunder, lightning and rain a warning siren is needed to remove bowlers from the green. This is to be the responsibility of the site manager and umpire. Once the bowlers are in the club house an announcement needs to be made advising everyone of the situation.

Carpark garden – More watering volunteers are required in January and February please advise Lorraine if you can help so that she can update the roster.

1st practice session after the Xmas break will be **8th January 2019**

Next ladies meeting will be **February 5th 2019 at 9.00am.**
